

CEO's Secret Lover Chapter 41 To 45

Chapter 41 - People's Clothing

"Go and try it, this is a gift from Qiu Ye." Su Chen Hao sat on the sofa and read the magazine in his hands without even raising his head.

"CEO asked me to gift it to you." Qiu Ye stood behind the sofa, covered his mouth with his hands and reported everything to Luo Qing Yun in a low voice.

"Is... Why did you give me a present? " Luo Qing Yun was a little confused.

Su Chen Hao turned his head, looked at Qiu Ye, and instructed him to explain with his eyes.

Seeing that, Qiu Ye cleared his throat and said seriously: "Housekeeper Luo, our CEO is a person of high status, since you are his butler, then your clothes and words represent his face, so you have the duty to make yourself look more noble."

After Luo Qing Yun heard this, she thought for a moment. Although she was working for Su Chen Hao now, in the end, she still belonged to the hotel.

"But I'm the steward arranged by the hotel for Mr. Su, shouldn't I represent the hotel's face?"

Why did it represent Su Chen Hao's face?

She did not understand the logical relationship.

"Housekeeper Luo, if you like more real women too much, then they aren't cute." Qiu Ye reminded his out of good intentions.

Luo Qing Yun's little face instantly blushed red as she silently cursed herself. Why did she have to go so far as to get to the bottom of this?

It was just a dress. He liked to let her wear it, so she should wear it.

She obediently returned to her room and put on her dress. Standing in front of the full-length mirror, she looked at herself in the mirror. The royal blue dress seemed to grow on her body, accentuating her beautiful figure.

She had always known that Su Chen Hao's taste was extraordinary, but she hadn't expected that in selecting the clothes of a woman, his taste would also be so unique.

Pulling open the door, he walked out of the room. Just as he entered the living room, he heard Qiu Ye's exaggerated voice, "Sure enough, Buddha relies on gold and humans on clothes. Housekeeper Luo's entire temperament has changed."

His voice immediately attracted the attention of the man on the sofa, he slowly raised his head, and looked at Luo Qing Yun. Although his eyes were as calm as usual, the corners of his mouth were raised slightly.

It seemed that he was rather satisfied with his judgement.

"CEO, can we go downstairs to eat dinner now?" Qiu Ye rubbed his stomach; he was really hungry. The last time was at the awful airport on the plane.

"Let's go." He put down the magazine in his hand, stood up and started walking towards the door.

When he was walking past Luo Qing Yun, he suddenly stopped and raised his hand, reaching towards her head. Luo Qing Yun didn't know what he wanted to do, and subconsciously reached out to stop his hand.

But his hand was already one step ahead of her. He grabbed her coiled hair and pulled gently on the rubber band.

So he was helping her put her head down.

Luo Qing Yun understood what he meant, and awkwardly played with the hair by her ear, not daring to look at his face.

"As expected, putting down your hair is more pleasing to the eye, the CEO is still the most beautiful." Qiu Ye didn't forget to flatter her again.

Su Chen Hao felt that Qiu Ye was especially noisy tonight, and threw him a dissatisfied look.

Qiu Ye received the damage from the BOSS and silently shut his mouth. The little girl's heart was in pain, but the little girl never said a word.

There weren't many people in the restaurant.

After the three of them entered, the manager recognized them immediately and welcomed them with a smile, "Mr. Su, you have come downstairs to eat your meal personally."

"Find a spot where you can get a better view of the night." Qiu Ye instructed the manager of the restaurant.

"Yes, yes, yes. The three of you, please follow me." The manager nodded and led them to the table by the window.

After arranging the best seat for the guests, the waiter came to serve them.

The manager passed a wine list over, "I wonder what wine Mr. Su would like to drink tonight?"

Su Chen Hao did not bother with the manager, but looked at the uncomfortable Luo Qing Yun who was sitting opposite of him, "What do you want to drink?"

Luo Qing Yun's mind was still thinking about why Su Chen Hao wanted to give him this dress, and her thoughts were not even on the dining table at all. When she suddenly heard Su Chen Hao asking himself, she somewhat blankly raised her head.

"CEO asked what do you want to drink." Qiu Ye repeated from the side.

"Wine?" Luo Qing Yun's head was full of greetings, then she waved her hand repeatedly, "Thank you Mr. Su, I won't drink."

"Then dry white." Su Chen Hao looked at the manager and made his decision.

"..." Luo Qing Yun was dumbstruck. Didn't she say she didn't drink?

"Alright, our hotel just airlifted a batch of good dry white wine from New Zealand yesterday. I'll bring it over for you to try." the manager said.

"Alright." Su Chen Hao nodded.

After ordering the wine, he brought it back to the menu.

Because Su Chen Hao had ordered the white wine, she was especially considerate and ordered the white meat for him to match.

The waiter brought wine over for them to try. Qiu Ye's phone suddenly rang.

He left the table to answer the phone.

Su Chen Hao took a sip of the dry white wine in his cup, tasted it carefully, then nodded at the waiter: "Sure."

Serving Life was pouring two cups into a goblet on the table.

Seeing that there were only two cups, Luo Qing Yun secretly heaved a sigh of relief and gave the waiter a grateful look.

Just then, Qiu Ye walked over after finishing the call, and said to Su Chen Hao with an apologetic look, "CEO, the project team leader, Kevin, has been hospitalized with an acute stomach ulcer, and the Moon Island's bid letter is still in his hands. Originally, he planned to send it over tomorrow, but he is unable to do so now, even if others cannot relax, I will personally make a trip back to Y City, and try to rush back tomorrow at noon."

"Go on, tell Kevin to rest well as well. He doesn't need to worry about the Moon Island anymore." Su Chen Hao waved his hand and said.

Luo Qing Yun looked at Su Chen Hao, he did not expect to have such a cold and strict appearance, but in reality, he was treating his subordinates quite well, becoming a boss with a rather human nature.

Just wait a minute.

If Qiu Ye left, what about the two cups of wine?

Luo Qing Yun's attention was instantly focused on the two cups of white wine on the table.

Su Chen Hao's body slightly leaned forward, his long fingers clearly defined the joints of his bones resting on the sole of one of the goblets, as he gently pushed them towards Luo Qing Yun.

Indeed, it was a blessing, not a curse. It seemed like she was destined to not be able to avoid this goblet of wine tonight.

"Thank you." With a trembling smile on his face, Luo Qing Yun lifted the dry white cloth in front of him as if she wanted to cry, but had no tears.

Su Chen Hao's face revealed an enchanting smile. He raised his own cup and lightly touched it, causing a "ding" sound to resound from the cup.

After bringing the wine to his mouth, he took a shallow sip and stared at the Luo Qing Yun in front of him with a pair of bewitching eyes.

Chapter 42 - Getting Drunk

Luo Qing Yun really didn't like drinking alcohol, so she rarely had the chance to do so.

At that moment, she could smell the rich aroma of the wine with the fragrance of the fruits wafting out from the cup. Before she even had a chance to drink it, she already felt intoxicated.

Following Su Chen Hao's example, she also placed the wine cup next to his mouth and took a light sip. The smell of the alcohol stimulated her eyebrows in an instant.

"You don't like it?" he asked.

Shaking her head, she didn't dare to say that she didn't like what he liked, "I'm just a little not used to drinking."

Just then, the waiter started to serve the food. When Luo Qing Yun saw the food, her eyes lit up.

Just as they were about to attack the food, a middle-aged man who looked familiar walked towards them, his face filled with a hypocritical smile, "Prince Su, what a coincidence, I never expected to meet you here."

Seeing the person, Su Chen Hao frowned, his face immediately becoming gloomy.

Luo Qing Yun tried her best to recall where she had seen this person before. At this time, the middle-aged man had already shifted his gaze towards her. "Miss Lowe, it's been a few days since we last met, you're really getting more and more beautiful."

Was it him?

Luo Qing Yun finally remembered the man's identity at this time.

Wasn't he the Mr. Sun who came to ask Qiu Ye that morning to see him?

"You know him?" Su Chen Hao saw Luo Qing Yun's complicated expression and asked.

Luo Qing Yun nodded, "I have met him once."

"Miss Lowe, last time we met in such a hurry, I didn't even prepare any gifts for you, I didn't expect this meeting to be so fated, to be able to meet you and Mr. Su here, my friend just gave me a jade bracelet with good quality goods, why don't I give it to you, Miss Lowe to enjoy?"

The Mr. Sun said, and without waiting for Luo Qing Yun to reject, he handed over a embroidered box to her.

"Mr. Sun, you are too polite. How can I accept such a precious gift from you?" Luo Qing Yun hurriedly rejected her good intentions.

"It's merely a stone, so it's not that valuable. Just accept it." As Mr. Sun said that, he looked at Su Chen Hao from time to time, as if observing his reaction.

Luo Qing Yun couldn't reject it, but she didn't dare to accept it either. She could only look at Su Chen Hao, who was in front of her with a troubled expression.

At this time, Su Chen Hao did not say a word, his entire person looked like an outsider, as if he was watching a good show.

His silence seemed to give the Mr. Sun some encouragement. Seeing that Luo Qing Yun was unwilling to accept it, she directly placed the embroidered box in front of Luo Qing Yun, before minding her own business and pouring herself a cup of wine. She then picked up the cup and looked at Su Chen Hao, "Prince Su, we did the wrong thing earlier, and I was also distracted at the time. However, my father did not know about the matter regarding the medicine. After he found out about it, he scolded me half to death and even stayed in the hospital with a heart attack. The situation is still very dangerous

right now, so for the sake of my father and your grandfather's many years of friends, please forgive us this time ... "

His apology was very sincere, especially when facing Su Chen Hao, who was an entire generation younger than him, it was completely sincere. This caused Luo Qing Yun, who was watching by the side, to feel a little unbearable in his heart.

However, she also understood from his words that back then at the clubhouse, Su Chen Hao had been drugged to look like that, and the middle-aged man in front of her, was the main culprit.

Su Chen Hao only lowered his eyelids lazily, his gaze still staring at the wine cup in his hands, unwilling to raise it up no matter what. He didn't even bother to look at the middle-aged man in front of him.

Mr. Sun was not able to get a response from Su Chen Hao, so he turned his cup towards Luo Qing Yun, "Miss Lowe, let me toast you."

Luo Qing Yun was stunned. If you're going to apologize, then apologize.

"That... Mr. Sun, I ... " She opened her mouth to tell him that she couldn't drink at all, but just as she moved her mouth, he raised his head and held the cup in one gulp.

"I did." Sun Yue wiped his mouth and said.

"..." Luo Qing Yun had no choice but to look towards Su Chen Hao, hoping that he would help his. But unexpectedly, Su Chen Hao still had the expression of an outsider, as though he was watching a good show and didn't want to help her at all.

Forget it. I'll just die.

Who told her to speak lightly?

Gritting her teeth, she picked up her wine cup, closed her eyes and took a gulp, imitating Sun Yue's actions.

The moment the wine was swallowed in her throat, she felt as if a ball of fire was burning in her heart, as if her entire body was about to explode.

"Miss Lowe has good alcohol tolerance." Sun Yue praised him as he poured himself another cup, and also poured himself half a cup of wine, "This second cup can be considered as a toast to fate when we meet again."

Drink?

Luo Qing Yun blinked her cute big eyes, she was dumbfounded.

He wanted to refuse, but the other party had already done it once again.

Seems like she met a tough opponent today, Luo Qing Yun wailed in her heart, but she had no choice but to drink the wine.

After the second cup of wine, Luo Qing Yun felt her head spinning and her body heating up.

But even so, the other party didn't intend on letting her go.

Next, the third, fourth, and fifth cups...

Luo Qing Yun was completely confused now. When the other party toasted her, she obediently drank a cup, and after finishing the last bottle of wine, she lied down on the table, unconscious.

"Miss Lowe, don't sleep. Let's drink another bottle." Seeing that, Sun Yue wanted to wake her up.

"Enough." Su Chen Hao, who was sitting opposite to Luo Qing Yun, finally spoke.

When Sun Yue heard his voice, his expression trembled, and a trace of reverence appeared in his eyes. "Prince Su, I'm sorry, I didn't know that Miss Lowe couldn't drink this much, it's all my fault, it's all my fault ..."

"It's not the first time Mr. Sun has ignored the consequences, is it?" Su Chen Hao retracted his cold eyes, and spoke with a tone full of ridicule.

Hearing that, Sun Yue immediately lowered his head, and did not dare to refute.

"Speaking of which, my grandfather did quite a bit to help establish the Ruifeng Group back then. Now that it has changed its surname to Su, does Mr. Sun not feel that it's good?" Su Chen Hao tapped his finger against the wall of the goblet with a rhythmic rhythm as he spoke with a lazy tone.

After Sun Yue heard this, his face immediately became pale white, and beads of sweat began to roll down his forehead.

"The Royal Group is huge, why would we care about such a small power?"

Su Chen Hao sneered, and said, "That's right, at first I did not think much of this little Li Feng, but Mr. Sun also wished for us to become a family, that's why you spent so much effort to drug me right? Now that I am willing to buy Li Feng, and become a subsidiary company of the imperial government, why is Mr. Sun still not willing to do that? "

Chapter 43 - What happened

Sun Yue understood that it was almost impossible for him to request for Su Chen Hao's forgiveness today.

He had long heard of Su Chen Hao in the business world. Su Chen Hao was a very petty person, he would definitely take revenge on him.

"How can the Mr. Su let go of our Ruifeng Group?" Taking a deep breath, he asked in a low voice.

"It's impossible to let them go." Su Chen Hao said calmly, "However, seeing that Mr. Sun is giving a gift to my butler and is drinking with her, I can consider not buying it when Li Feng's share price has fallen to its lowest point."

"You ..." Sun Yue was so angry that his face turned red, and he clenched his fists.

When Su Chen Hao saw his anger, his eyebrows rose slightly. "Of course, I also mind spending more time to make Li Feng Group worthless."

"Young man, don't be too proud. There is still a long way to go." Sun Yue gnashed his teeth and glared at him for two seconds, before he turned around and left hatefully.

After sending off the god of pests, Su Chen Hao's gaze fell on the drunk cat again, feeling troubled.

Originally, he just wanted to use that old guy Sun Yue to test her tolerance towards alcohol. He didn't expect her to be so disappointing.

He raised his hand and snapped his fingers. The nearby waiter immediately came over and asked, "Sir, what can I do for you?"

Su Chen Hao glanced at the tall, handsome, and young waiter, then waved his hand. "Forget it, there's nothing wrong."

Following that, he stood up and walked to Luo Qing Yun's side, bent over and carried her, then left the dining hall.

Luo Qing Yun had originally been sleeping soundly, but now that her body was being lifted up, she was somewhat unhappy.

Frowning, she twisted her waist a few times, then naturally hooked her long and slim arms around Su Chen Hao's elegant neck. Her small head even arched towards his neck, and she chose the most comfortable position to lean into his embrace.

This was the first time she took the initiative to approach him. Her soft body was like cotton candy, and her soft skin was like satin as it stuck to his body. The feeling was wonderful.

Arriving at the entrance of the elevator, the female attendant opened the elevator door for him and at the same time, focused on the completely unconscious Luo Qing Yun. Her expression was mixed with shock and gossip.

As the atrial card was in Luo Qing Yun's handbag, Su Chen Hao had no choice but to put her down first. He allowed her to stand on the ground with both of her legs leaning on him, so that he could grab the atrial card from his bag.

However, at this time, because of Luo Qing Yun's uncomfortable posture, her entire body started to become dishonest.

Her small hands waved about, unwilling to hold onto Su Chen Hao's neck properly and stand firm no matter what.

Su Chen Hao quickly took out the atrial card and opened the door, supporting her as he walked in.

Luo Qing Yun grumbled, "I'm hungry", she opened his mouth and bit off a piece of flesh from his chest.

"Stupid woman, what are you doing?" Su Chen Hao gasped from her bite, wanting to push her away. But she was like a piece of candy, firmly sticking to him, "Meat, meat ..."

"..." Su Chen Hao regretted letting her drink so much.

When the two entered the room, the door closed automatically and Luo Qing Yun was carried into the living room like a chick being carried by him.

Because her legs were on the ground and she had no one to lean on, she had no choice but to open her drunken eyes in an attempt to clearly see the person in front of her.

But unfortunately, her mind was in a state of chaos, and she didn't know where she was, nor did she know who the man before her was.

"Handsome ..." This was her first reaction. As she shouted, her small hands began to call out towards someone's face.

Su Chen Hao never thought that the normally gentle and elegant little woman would become so unrestrained and unrestrained when she was drunk.

What was even more unexpected was that his body did not hate her touch. On the contrary, when her soft body approached him, he felt even more tense. A familiar urge began to spread throughout his body.

"Luo Qing Yun!" He called her name, trying to wake her up.

"Hot ..." However, how could she hear his voice right now? She felt her entire body was boiling hot, as if the area around her clothes was about to burst into flames.

Her small hands were tearing at her skirt, but because the zipper was behind her, she couldn't pull it off. She was so anxious that her face was flushed and covered in sweat.

"Help me... "Take off ..." Since she couldn't handle it herself, she could only turn to the handsome guy in front of her for help.

Su Chen Hao looked at her painful expression, and furrowed his brows, "Are you sure?"

"Quick ..." Drunk, she grabbed his big hand and waved it at him.

The corner of Su Chen Hao's mouth raised slightly as his hands caressed her back, easily pulling her skirt off ...

Luo Qing Yun didn't know how she managed to get onto the bed last night. When she woke up, she felt extreme pain all over her body, and not a single piece of clothes was left.

The strangest thing was that the room she was in was actually the master bedroom of the presidential suite.

Why was she in Su Chen Hao's bed?

www.onlinefreenovels.com

He vaguely remembered that she was drinking with that Mr. Sun last night.

Then... Then what happened?

Why was she here?

AHH ...

His brain felt like it was going to explode. He looked around the bed, and saw that there was not a single piece of clothing on it ...

Could it be that last night, Su Chen Hao had taken advantage of her drunkenness and gave her to ...

Thinking of this possibility, she suddenly felt a surge of anger starting to burn in her heart.

How could he do this?

How could the great CEO of a multinational corporation, the world's famous boss of a consortium, take advantage of such a despicable situation?

Gritting her teeth, she wanted to get up and ask him for an explanation.

He wrapped the blanket around himself and tiptoed on the soft carpet in preparation to leave. However, the door to the room was pushed open from the outside.

What entered his eyes was Su Chen Hao's tall and sturdy figure.

He probably did not expect that she would already have woken up. When he saw the Luo Qing Yun, who was wrapped up like a caterpillar, standing in front of him, a trace of astonishment first flashed past his eyes, but then it was replaced with a meaningful smile. His eyes could not help but size her up.

Luo Qing Yun's feet were not wearing shoes, and her white feet were exposed outside. Being looked at by him, her left foot uneasily stepped on her right foot, and gently rubbed on it.

"You're awake?" He spoke, breaking the eerie silence.

Luo Qing Yun originally had a belly full of grievances, but for some reason, when she saw him, her aura instantly weakened, and she no longer had the courage to question and condemn him.

She nodded, biting her lower lip. She still wanted an explanation in her heart, so she raised her small face and stared at him with her clear eyes. "Last night, my clothes ..."

Chapter 44 - Shameless

"I took it off." He answered without waiting for her to speak.

Hearing that, Luo Qing Yun clenched her teeth, it was really him, the bad guy!

"You're begging me." he added.

"..." How could this be? How embarrassing.

Luo Qing Yun lowered her eyes, her small face unwillingly asking, "Then last night, we ..."

"I'm asleep." He was rather frank.

Look, look, he really wasn't a good person. Even if she asked him to help her take off her clothes, that didn't mean that he would fall asleep while she was still drunk.

"You're holding me and won't let go." He told the truth once again.

"You're lying, how could I be like this?" She didn't believe that she would be so bold and shameless even if she was beaten to death.

"You don't believe me?" He raised his eyebrows slightly, "Do you want to watch the video?"

What?

There was still a video?

Luo Qing Yun was stunned.

Her face was red with embarrassment, and her eyes were filled with anger. Her exposed arm pointed straight at him. "You ..." "You are so shameless, yet you are doing this sort of thing by shooting a video ..."

"You took it." "I tried to stop you."

"..."

God, what happened last night?

Why did she get so mad over a few drinks?

Not only did he get the man in front of him to help him take off his clothes, he even got the other person to sleep.

OHNO!

Where there was a hole, she wanted to go in and never come out again.

"Any more questions?" He asked in a very gentlemanly manner as he admired the exquisite expression on her little face.

No, even if there was, she wouldn't dare to continue asking.

She had already lost all her face, she didn't want to lose all her dignity along the way.

"Very well, since there are no more questions, let's settle our accounts now." As he spoke, he began to walk towards her.

"Calculate?" "What account?" she asked stupidly, her face blank.

"Money to pay." As he approached, she backed up until she reached the bed.
"Should we pay for the debt?" "Hmm?"

With a "pa da" sound, she fell into the soft bed, before her was her creditor who was eyeing her covetously.

"Su ..." Mr. Su... | What happened last night... It... "It was an accident ..."
Seeing Su Chen Hao's handsome face that was slowly approaching, she subconsciously swallowed his saliva and stammered.

"An accident?" He sneered.

"Right... Right ... You... You see, I'm drunk, so I don't know anything. What happens in this state is uncountable." She drew back her neck, her small hands gripping the sheet tightly, protecting herself.

"Are you awake now?" he asked suddenly.

Nodding, of course she was awake.

"But I'm a little drunk." A sinister smile appeared on his face. He extended his hand and directly pulled away the blanket on her body, causing her body to instantly explode and reveal itself in his deep eyes.

"..."

When Luo Qing Yun woke up again, the sky was already dark.

The discomfort in her body was even worse than before, especially her waist; she felt as if it was about to break.

Su Chen Hao was indeed worthy of being the modern version of Huang Shiren. The way he talked about debt was really vicious, so much so that she almost couldn't get out of bed.

What a huge grudge, was he going to do this to her?

How was she supposed to work?

He forced himself off the bed, his thin legs shaking with pain.

She went to the bathroom to take a shower and wash off the smell coming from his body. She grabbed the bathrobe on the shelf and wrapped it around her. The familiar faint cologne wrapped around her once again.

Well, this bath is for nothing.
When he came out of the master bedroom, there was no one in the living room.

www.onlinefreenovels.com

Su Chen Hao and Qiu Ye were both not present.

This made her secretly let out a sigh of relief.

Otherwise, she really didn't know how to face Su Chen Hao right now.

Looking at the clock on the wall, it was already 7: 20 in the evening.

She lay in bed all day, her stomach protesting.

He went back to his room and changed his clothes, preparing to go out and eat something.

Just as he was about to leave with the atrial card, his phone suddenly rang. He took a look at the caller ID and saw that it was an unfamiliar number.

He turned on the answer button and placed the phone by his ear. "Hello, who is this?"

"Are you Miss Lowe Luo Qing Yun?" There was an unfamiliar voice on the other end of the line.

"Yes, I am."

"I have your package with me. I'm in the underground parking lot right now. I'll have to trouble you to come and get it."

Package?

Luo Qing Yun frowned, she did not remember buying anything.

www.onlinefreenovels.com

How could there be a package?

"Is there a mistake? I didn't buy anything. " she asked.

"No mistake, it is indeed your package. It was bought by a Mister Su. Will you please come down at once? " The other party insisted.

Su Chen Hao bought it?

Or was it for her?

What could it be?

Didn't you just buy her a dress?

"Oh, well then. "Just a moment, I'll be there." Despite her confusion, she immediately went downstairs.

In the parking lot below the first floor.

As Luo Qing Yun walked out of the elevator, she saw a man, who was not far from the elevator door, waiting for her in a corner. He was wearing a delivery coat and a peaked cap, and his face was hidden.

"Hello." Luo Qing Yun walked over and greeted him.

"Miss Lowe?" The person looked at Luo Qing Yun and confirmed.

"Yes."

"This is your package. Please accept it and sign your name here." He handed her the box, then a pen and delivery slip for her to sign.

www.onlinefreenovels.com

Luo Qing Yun received the pen and seriously signed it with her head lowered. But just as she finished writing "Luo Qing Yun", the other party suddenly took out a towel and directly covered her nose and mouth.

"Ugh ..." Luo Qing Yun struggled, a strong stench immediately entered her nose, and very quickly, she lost consciousness.

Banyan Park, the top Chinese restaurant in City X.

Within the room, three rounds of wine had already been drunk.

Su Chen Hao looked at the smiling faces in front of him, and a wave of disgust rose in his heart.

He was too clear on what kind of benefits were hidden behind everyone's smiles. Not long ago, they were all Yang He Zhi's guests.

Now that Yang He Zhi had failed in his plans for Moon Island, and was even removed from his position as the chairman of the board of directors, they immediately acted according to the wind and started to pay tribute to him, hoping to be able to obtain a share of the Moon Island's plans.

If it was in the past, Su Chen Hao would probably be happy to see them flattering him like this.

But today, on his bed, there was a wild cat that he had yet to completely tame. He didn't have the leisure to socialize with these rough lords here.

Standing up, he picked up the napkin in front of him and wiped his mouth, preparing to leave.

Seeing this, everyone stood up and looked at him.

Qiu Ye who was at the side had long seen his impatience, and immediately waved his hand, "About that, everyone, our Suqian has other dates tonight, he will accompany everyone to eat till here."

Chapter 45 - Kidnapped

"Suqian left just like that? We haven't even finished the wine yet. " A builder smiled and tried to keep her.

"Boss Wang, aren't I still here?" What? Must Suqian personally accompany you to drink this wine? " Qiu Ye said with a somewhat sarcastic tone.

"I dare not, dare not. The appointment at Suqian was more important. Then let's toast to Suqian and wish him a happy date. " As Boss Wang said that, everyone held up their wine cups in front of them and toasted Su Chen Hao.

Su Chen Hao merely revealed a cold, uninterested smile on his face. Without even glancing at them, he put on his jacket, and walked straight out the door.

After exiting the dining hall, he took out his phone and called Luo Qing Yun.

The phone was actually off.

This little woman actually dared to turn the controls on and off?

Feeling somewhat unhappy, he dialed the number inside the presidential suite.

The call went on for a long time, but no one answered.

Could he still be sleeping?

Luo Qing Yun was still sleeping, but she was not sleeping comfortably on the bed. Instead, someone had thrown her into the trunk and she was unconscious.

When she woke up, she found that her body and head were wet. It was obvious that she was woken up by someone splashing water on her.

It was dark except for a chandelier overhead.

In front of her stood a few bull-like young men. One of them was older than the others, and was wearing a tight T-shirt. His arms revealed a hideous tattoo, and around his neck hung a very thick golden chain.

"You're awake?" tattooed man stood in front of her, looking down at her.

After Luo Qing Yun's mind was in a mess for a moment, she suddenly realized that she had been kidnapped.

"Who are you people? Why did you tie me up and bring me here?" she asked in a shaky voice.

tattooed man did not immediately answer her question. A pair of vulgar eyes swept across her body.

Fortunately, before she left, she had changed into a slightly looser set of casual clothes, not the hotel's close-fitting work clothes. Otherwise, when she was drenched, her shirt and skirt would have been exposed.

"Your looks aren't bad, no wonder Su Chen Hao had taken a fancy to you." tattooed man scratched his chin and commented.

Su Chen Hao?

When Luo Qing Yun heard this name, the small heart tensed up.

Could it be that these people in front of her were kidnapping her because of Su Chen Hao?

"Little girl, let me ask you, if I call Su Chen Hao right now and ask him to come and save you, would he come?" tattooed man asked as he waved the phone in his hand.

It was a difficult question for her.

With the current relationship she had with Su Chen Hao, how could he take such a huge risk to personally save her?

Being willing to call the police on her behalf was already doing the right thing.

"No, I'm just his butler, he's just my VIP. Have you seen a boss who risked his life to save his employees?" she said.

"Just his housekeeper? But I heard that you are all in the same bed." The tattooed man said and laughed. He squatted down and wiped his thick and

ugly hands on Luo Qing Yun's clean and fair neck, "Tsk tsk, your skin is really good. Su Chen Hao's luck with women is quite good ..."

"Don't touch me ..." Luo Qing Yun looked at him in disgust as he shouted.

"What is it? You think I don't feel comfortable touching you as Su Chen Hao does? " tattooed man's mouth revealed a smirk, he then turned to look at his subordinates behind him, "Do you guys want to try touching it?"

"Sure, sure." The lackeys were all eager to give it a try.

"F * ck off, you want me to ruin your compensation?" tattooed man rolled his eyes as he took out his phone and made a call.

In a private room in the Banyan Courtyard.

Qiu Ye was in the midst of being surrounded by a group of people to advise him to drink.

His cell phone rang. He took the opportunity to take the call and evade everyone's attacks.

The other party had called him via video. When Qiu Ye picked up the call, he saw a wretched face on the phone screen.

"Is it the Mr. Su? Your woman is in my hands now, if you know what's good for you, then come and save her immediately. Otherwise, if you're too late, I can't guarantee what she'll look like. " As the other party spoke, he pointed the camera at Luo Qing Yun's face.

Qiu Ye had originally been a little drunk, but after hearing the other party's words and seeing Luo Qing Yun's small face that was filled with tears and shock, she instantly woke up.

"Housekeeper Luo? Is that you? "Where are you now?" Qiu Ye asked.

"You want to know where we are? "No problem, but don't blame me for not warning you. If you dare call the police, I can guarantee that her life will be here before the police arrive." After the other party finished speaking, he directly hung up without waiting for Qiu Ye to say anything.

Looking at the phone that had its screen turned black, Qiu Ye realized that the situation was serious and did not dare to delay any longer. He immediately dialed Su Chen Hao's number.

"CEO, Housekeeper Luo was kidnapped."

"I know." Inside the phone, Su Chen Hao's voice was terrifyingly calm.

"I'll go back to the hotel now." Qiu Ye said, he immediately stood up, ignoring the others, he quickly left.

Lixing Hotel, security control room.

"Mr. Su, do you think we should call the police? If we hand these surveillance videos to the police, they should be able to find the car that took Housekeeper Luo away very quickly. " Tan Yan stood at the side and suggested with a serious and cautious expression.

Su Chen Hao raised his hand and rejected his suggestion.

He stood up and left the control room.

Unknown warehouse.

Luo Qing Yun lied on the ground, her hands and feet were tied up with hemp rope, it was painful to the point of being strangled.

Furthermore, she hadn't eaten since last night. Her stomach was starving and she was about to collapse from exhaustion.

"I beg you, let me go. He won't come. My relationship with him is not what you think. To him, I am not important." Her voice was weak as she begged for mercy, hoping that they would let her go.

"You want to lie to us? I could tell from the phone call that he was nervous about you." tattooed man said.

"No ..." No, that's not Mr. Su, you're calling his assistant. " Luo Qing Yun waved her hand.

"If even his assistant is so nervous about you, then that's even more so." tattooed man's face was filled with certainty as he reasoned.

"..." What kind of logic was this?

Luo Qing Yun knew that they wouldn't believe what she said, so she closed her mouth to save some energy.

Time ticked slowly.

Luo Qing Yun lay on the wet floor as tears silently flowed down her cheeks.

Her body was cold and hungry, her life and body were also under great threat. She was very afraid, but she didn't dare to continue begging them, afraid that if they got angry, she would be the one to get hurt.

What should he do?

What should she do?

Who could save her?

A few delinquents were drinking wine and throwing punches at her. From time to time, some of them would look in her direction with unfriendly eyes, as if they would eat her up at any time.

After that, tattooed man gave Qiu Ye a call and accepted a few calls.

His attitude when he made the phone call was fierce and evil, but when he answered the phone he was submissive and his attitude changed greatly.
